PRIORITIES

(An editorial)

When one has exceeded their 3 score and 10 it is time to sit back, relax and examine their priorities.

I am 73, I've lost the sight in one eye, but otherwise I am in good health. During my lifetime I have enjoyed many things; the company of a gracious female, genealogy, and travel, and frequently in that order. I firmly believe the work of our family association should go forth to generate an opportunity for the continuation of the many congenial gatherings we have had, that this magazine should continue to be published as an instrument to provide information, and as a medium through which the many activities of all Littells can be chronicled, distributed to our family and preserved for future generations, and that our long awaited book, Littell Families History & Genealogy be placed in print.

This year, 1993, I have chosen to place my personal pleasures before some of the demands of our family association. We, Sandy and I, commenced the year returning by Amtrak from a flight to Seattle, with visits in West Glacier, Montana, Minneapolis, Minnesota, and Morgan County, Indiana. I hesitate to do much traveling alone, so Son Douglas and I paid an April visit to Hoosierland, then we flew to Arizona and California in May to attend a family wedding. Sandy's summer vacation from teaching was spent in a motor home trip to Alaska with Daughter Beverly and her friend, Jim Snider, accompanying us. We took 50 days for the trip and covered 31 states, 4 provinces, and 2 territories in Canada. Two days after we returned to Florida Sandy and I flew to Kansas City to attend a Marley family reunion in Shawnee, Kansas.

I am trying to get this material ready for the printer as soon as possible as I plan to be in Indiana for the annual fall foliage festival in October. Our plans for the Christmas holiday are not definite as of this writing. In 1994 we plan to visit the maritime provinces of Canada, the only part of that country we have not as yet enjoyed.

All of this to say to the many of you who are also interested in furthering the cause of our family association that my days of handling so much are numbered. Do not interpret this as my being bitter, for I am not. I have enjoyed every minute of it, the correspondence, the telephone calls, the visits, the end result, I just want to be under less obligation with more time for myself and family. Editing a family magazine is a privilege and should now be relinquished to someone younger and more resourceful so that they too can experience this joy.

The fact that this issue has been mailed to you is evidence that another year of news and happenings, results of research, stories of our Littell heritage, and a host of additional data has now been preserved in print, but in the interest of keeping the organization going we must have new hands at the helm. Our treasurer, William Adams Littell, Jr. is young, energetic, and doing an excellent job. I would suggest he be given the title of Secretary/Treasurer and work him even more.

Somewhere in this organization is an able, competent, individual who is capable of putting together a magazine superior to any Walter or I have put out in the last 21 years. Please let us know of your willingness to carry on this project.

A report is in order on the progress of the Family History. I have most of it in the computer, and did print out a copy which I sent to our treasurer for safe keeping while we were absent from the home this summer. In the course of building an extension to our "library/family room", which serves as my office, my material on the Jonah line was misplaced. It has been located and partially typed into the Roots 3 program, with the updates several of you were kind enough to send me. This will leave only some final editing and reviewing, preparing the contents page, etc., and a visit to a publisher. I propose to hire the publishing service to also provide the index as I don't trust my sight enough to take on that responsibility.

I would guess that the manuscript should be completely ready for the publishing service to take over some six weeks or so after this magazine is mailed.

REUNIONS

I know a number of you were disappointed that a national Littell reunion was not held in 1993. Although there were regional gatherings of many of our family there was no event this year for everyone. That is not to say that any Littell would be refused attendance at any of the local gatherings. See below for a notice of the 1994 meeting to be held in July.

1994 Reunion

Saturday
The
2nd of July
NOON Until ??

WILLIAM LITTELL FARM
121 LITTELL DRIVE, OFF U.S. 18
NEAR CLINTON, PENNA.

Littell Families of America will hold the 1994 reunion at the Littell Farm located on highway 18 between its junctions with SR 151 and US 30 in Beaver County, Pennsylvania. on the Saturday before the 4th of July.

All members and their families are urged to attend for a full day of good company and association with others of our wide spread Littell family.

Contact any director or officer for further details.

Don't miss this opportunity

HOW TO REACH THE WILLIAM LITTELL FARM;

If you fly into the Pittsburgh airport it is only a few miles to the farm. Take highway 60 north to first exit (Clinton), (left) west to US 30, north 7 miles on 30, (right) to Route 18 (Hillendale Clinic) bear right on 18 to top of hill, about half mile. The Littell farm is on the right.

From downtown Pittsburgh you would travel west on US 30 about 30 miles to its junction with 18, then north, up the hill.

From Washington, Pennsylvania on I-70 you would take highway 18 north about 29 or 30 miles, past the Hillendale Clinic to the top of the hill, farm on the right.

Hopefully this is not confusing, but if you should get lost call the farm phone (412) 378-2835 and someone will try to "unconfuse" you.

Yvonne Marie Metheny Stiliwaugh of Houston, TX, a retired civil servant, her husband, William Henry Stillwaugh is U. S. Navy, retired, wrote:

Since retirement (Feb. 1980) and moving to Houston, I have enjoyed seeing my grandchildren grow. Joshua Stillwaugh Lloyd (2/6/1970), Rachel Marie Lloyd (6/15/1978), and Matthew Joseph Lloyd (1/16/1981). Became active in various ministries at our church. Also, have been active in assisting local political races. Have done extensive traveling. Searched for more “roots” in Ireland, and England. Have been through out Europe, China, Japan, Australia, Tasmania, New Zealand, Mexico, and South America, and the United States, including Alaska. I joined the Daughters of the War of 1812 and the DAR, of which I have held an office since joining. Bill had heart surgery in 1985 and a pacemaker inserted in 1992. This has slowed us down a wee bit (our trips to the Canadian Maritime Provinces and to Egypt this year were a little difficult as both required a lot of walking) but will not stop us. Will try to make the 1993 annual meeting and introduce myself. (We’ll be looking for you in 1994) My daughter, Sandy Jo Trainmell Stillwaugh Lloyd (10/13/1947) is beginning to be interested in the family history. She and her husband (Stanley Joseph Lloyd) have established their own engineering company in Houston. I did get home to San Diego in 1991 to my 50th high school reunion and was amazed at how many “old people” I went to school with. I did contact “Our British Cousin” Alan

Geoffrey Littell when I went to England. He was delightful, and we have stayed in contact.

Tamra Lynn Littell Cokonougher of Fort Walton Beach, FL filled a page with tidbits about she, her husband, and her family. She tells an interesting story of a family found. I visited with her parents in Anchorage in 1986 and was happy to have been able to help them put some unknown facts into perspective. She wrote:

I am currently employed by a local Humane Society. I also volunteer my time with the Okaloosa County Sheriff's Posse and Girl Scouts of America. I was married to Brian in April 1990.

We currently have no children, but lots of pets, most of them previously abused animals. My husband and I both have Bachelor Degrees in Criminal Justice. Brian has been a deputy in Okaloosa county since 1989. In 1992 he was named Deputy of the Year.

In late 1984, my younger sister and I started a project that changed my family forever. We started researching our family tree. As part of this, my mother contacted Littell Families of America. You sent us more information than we or our father could emotionally handle. After growing up believing that he was an only child of a deceased father, we learned that in fact his father had only recently died, but had been married several times and also had several children. After much discussion and soul searching, my mother composed a form letter and sent one to each known brother and sister. Then we waited. We now have a very close relationship with Nancy, Joel and Dorothy. As of yet, we have not been able to locate Jon or Lon. I am very proud at having been able to bring my father together with these wonderful people. I hope one day we will find Jon and Lon also. I am so very grateful to you and your organization for being there and being able to help us with what I now realize was a void in our very small family. Thank

You!

[Editor's note — We too have searched for the two missing siblings. The mother of the two younger children was Lorna Andrews. They would have been born sometime between 1950 and 1965. If anyone has encountered a Jon Littell or Lon Littell in this age category please let us know]

Max Littell of Roswell, NM filled us in on his family and his travels:

Reinette, Larry and three of the boys are still in Chicago, where Larry has a bit more than a year to go on his residency at the University of Chicago. Nothing firm yet after Chicago. Dusty and Tina still in Tucson going to school, Dusty flying as much as possible. Chris and Chad very active in sports, Barrett keeping everybody in line.

The girls in the Boswell family are growing and challenging all of us to keep up with them——now 4 and 5. Lana and Danny stay busy with their schools and transporting the girls.

With Zack Clem as my fellow traveler, I spent a wonderful 10 days in Europe at the International Circus competition with the Circus Fans of America group. Then in April (1992) a Shrine sponsored south sea cruise and a planned trip to Egypt in February.

[Max also sent a brochure revealing another facet of his personality. He is Secretary - Treasurer of the International UFO Museum & Research Center at Roswell, NM. He wrote that he was having fun creating the UFO museum and that they have had visitors from more than half the states and a dozen foreign countries. Sadly, **Sarah Elizabeth Littell Ratio** of Chicago passed away on March 26, 1989. Sarah was born June 26, 1914 and her brother, William Paul Littell (my Dad), are both buried in Sterns Cemetery near Muncie, IL.

Esther Littell of Burden, Kansas sent in her "Dear Noble" letter and also attached a brief history of the Littell family, all of which is digested in the following article:

Fairly routine. I observed my 92nd birthday on September 1st. I am still alone in my home where I have lived for over 54 years. I am aware that I am almost the sole survivor of my contemporaries and family.

I remember visiting with you in Washington, Indiana.

I am submitting an article that is part of "Cowley County Heritage" published about 2 years ago.

Harley's great—great—great—great grandfather, Absalom Littell was in the Revolutionary War and was entitled to some land in Clark's grant. His family was among the first to make their new home in the Clark grant. In the summer of 1799 the family left Fayette County, Pennsylvania on a raft of their own construction bound for the "far west." They settled in Clark County, Indiana.

Harley and Esther Fair were married on June 15, 1919. Harley had left for the Army on May 28, 1918 from Bridgeport, IL. Esther had accompanied her family to Kansas in June 1918.

The Littells lived in Butler and Cowley counties where Harley was employed by Mobil Oil Co., and its predecessors, for 39 years until his retirement in 1959.

They were the parents of three daughters, three sons, and a grandson whom they adopted when his mother, June, died in 1944.

Captain James L. Littell enlisted in the National Guard in Arkansas City in 1940. He served in the Aleutians returning home to attend OCS. Later he trained for observation pilot and served in Europe in the Battle of the Bulge and later in Korea where he was awarded the Distinguished Flying Cross and three oak—leaf clusters, the Bronze Star of Valor and twenty-two air medals. Jim was killed in Louisiana on November 29, 1952. Littell Hall, a major facility at Fort Rucker, Alabama, was dedicated on November 15, 1968 to commemorate his distinguished service to Army Aviation. He was married to the former Ilene Bolack. His son, Jeffery Lynn Littell, resides in Greely, Colorado.

Kenneth E. (Gene) Littell enlisted in the Marines in 1942. He served at Guadalcanal and other south sea islands invasions. He married Ruth Dyer and they live in Burden. They are parents of Everta McLain and James Alan Littell and have three grandchildren.

Luetta Littell Thomas died in 1967 leaving four children: Thomas, Patti, Pamela, and Mia. They all live in Virginia.

Harley Littell, Jr. served three years in the Navy. He was killed near Junction City in 1955 by a tractor—combine crossing the highway, without lights, after dark.

Captain Roland E. Littell served twice in Viet Nam. He trained at Fort Leonard Wood and then as a paratrooper. He was wounded and sent home. He attended communications school in New Jersey, returning to Viet Nam for a year. He and his wife Sharon live in Tucson, Arizona.

Esther married Willis Brunton. They are parents of three children: Larry, Lynnda, and Frank and have three grandchildren.

All the children graduated from Burden High School.

Harley was a master mason and served as master and for nine years as secretary in Clinton Lodge, Burden.

Esther is a fifty-year member of Burden Chapter, Order of Eastern Star, and a member of Winfield Assembly it 16, Social Order of Beauceant.

They were members of the Burden United Methodist Church.

Harley, James, June and Harley, Jr. are buried at the Burden Cemetery.

(Harley LITTELL - James Oscar - John Thomp son, Jr. — John Thompson, Sr. — Absalom, Jr. - Absalom, Sr. — Anthony - John of NJ)

Gladys Littell of Denver, Colorado sent us some information on the line of her late husband, Porter Littell, and asked that anyone having any information about other Porter Littells get in touch. She added, “ am 91 years old, so you better hurry.”

Other Littells bearing the given name Porter include one who lived near LaRue, Ohio and had a son, David Porter Littell, born in 1849. And there was a Private Porter Littell, a Confederate soldier under the command of General Walker taken prisoner by the 15th Illinois cavalry at Helena, Arkansas in February 1864. Our files contain nothing more on these latter two. If anyone can help notify the editor and I will immediately pass it on to Gladys.

NECROLOGY

REV. MATTHEW ADAM LITTELL KILLED IN PHILIPPINES

Matthew Adam Littell was killed August 23, 1993 when the motorbike he was riding collided with a jeep near the site of the Christian Mission in Cagayan de Oro, Philippine Islands. He was the son of missionary parents, Charles Myron and Florence (Sweany) Littell who survive and live in Davao City, Philippines. The following account was taken from a publication of Ambassadors For Christ.

Death: the great equalizer of mankind. Rich and poor, educated and unlearned, politician and stone mason, president and pauper. . . each faces death at the end of earthly life. As certain as we all are of this event still it is the one thing that surprises and numbs us with sadness and emotional pain. We assume we have “tomorrow” and many more to follow. From time to time we are reminded that life is but a “vapor that appeareth for a little time and then vanisheth away.”

On Monday, August 23, 1993, Matt Littell left his home in Cagayan de Oro to “run an errand.” It was a busy day with a seminar beginning that evening. Matt had planned to return to his wife and children. . .to home; but it was the day God would call Matt to his heavenly home, to rest from his labors. A jeepney pulled out unexpectedly and Matthew Littell’s spirit sprung from his useless body, winging his way into the personal care of the Father. We rejoice for Matt that nothing will ever hurt him again. We cry for ourselves that we have been separated from his sweet spirit.

Matt’s parents were native to Indiana, devoted Christians, and youthful sweet hearts. They married while Charles was a student at Minnesota Bible College and it was in Minneapolis that Matt came to bless their lives on December 12, 1952. Twin brothers, Tim & Steve, made the family complete. Matt grew up in a preacher’s home, and when most teens are anticipating their final years of high school, Matt found himself helping his family pack for a freighter trip to the Philippines. In 1970 Charles & Florence joined the staff of Davao City Bible Seminary on the Island of Mindanao. All three boys graduated from Faith Academy in Manila.

Matt returned to Ohio where he attended Cincinnati Bible College and worked with inner city children at State Avenue Church of Christ. While at CBC Matt met Peggy Davis from Double Creek Church of Christ in Dobson, NC, and she became his wife and companion and co—worker. Together Matt & Peggy joined the staff of Pine Haven Children’s Ranch in St. Ignatius, Montana, where they served as houseparents to 12 children. He also shared in ranch work and experienced the joy of working with horses, something which he missed in the Philip pines where horses, as we know them, are virtually non—existent. From Montana the Littells moved to Seattle, Washington where they were active with the Mountlake Terrace Christian Church and Matt enrolled at Puget Sound Bible College. It was here that Aaron joined their family on September 7, 1980.

Their second son, Benjamin, arrived on August 24, 1983 in the Philippines where by now Matt & Peggy were working with Ambassadors for Christ Philippine Evangelism, a work founded and directed by Matt’s parents in 1974. This work would blossom and grow into a hallmark of mission endeavors and become an example for training native Christians to be leaders in their own lands.

Following a furlough in 1989 Matt, Peggy & boys moved from Davao City to Cagayan de Oro on the northern coast of Mindanao (a ten hour drive from Davao) where they launched the “tried & true” methods of Ambassadors for Christ Evangelism. The work grew rapidly under Matt’s guidance and the past few weeks have been devoted in part to readying a house for use as home for the Cagayan seminars. The remodeling job turned out to be bigger than expected and Matt threw himself enthusiastically into it as was so typical of him. They wanted it ready for the August 23 seminar. But by seminar time Matt would have graduated from earthly life.

How have those who knew Matt best described him? A loving person, cheerful, good—natured, enthusiastic for life, laughed easily, a good student and a good teacher, loved the Lord, dedicated to serving the Lord, a handyman, creative, compassionate, a good listener, gracious guest, hard worker, loved motorcycles, whatever he did, he did it with his whole heart.

In the Philippines when you have caused a death, you are jailed and the punishment can be very severe. The day after the accident Peggy went to the jail, asked for the jeepney driver to be released and that no charges be pressed. This was done. The driver and his family came to the funeral home and fell at Peggy’s feet in gratitude. Peggy had, and took, the opportunity to tell them what kind of a person Matt was, what his life had been about. . .and from there she spoke of Jesus, and of God’s mercy and forgiveness. The driver and his family asked for information about the local Church of Christ and were in worship services Sunday. Our petitions to God at this time are for His comfort and care for Peggy,

Aaron & Ben; for Charles & Florence; for Time & Steve and their families; for Peggy's family, and for all those who knew Matt so well, worked side by side with him and will miss his presence among them. And we ask God's guidance and care for the jeepney driver and his family. May the love and forgiveness shown to them by Peggy reflect to them the love & forgiveness awaiting them from God. And may God's work prosper on the Island of Mindanao. Our praises are unspeakable gratitude to God & Jesus for forgiveness of sin and hope of heaven.

Matt would not have wanted to leave his wife and children and family and work at so young and age, but he was ready to go. We are grateful we can trust our Heavenly Father to work all things out for good.

Funeral services were held in Cagayan de Oro on Saturday, the 28th of August with burial there.

ANDREW LITTELL FARMHOUSE

(The following is a digest of an article submitted by Elaine DeMet Anderson of Red Bank, NJ)

Union County is the “youngest” of New Jersey’s 21 counties, but it is home to some of the state’s oldest historic sites.

Linda McTeague of Rahway, Preservation Planner pointed out that some of the county’s landmarks are off—the—beaten track, such as the “Deserted Village of Feltville” as well as the charming Littell-Lord Farm house museum. Both sites are in Berkeley Heights.

The Littell - Lord complex consists of two historic homes set on 18 acres. Fred and Lois Best are in charge of the farm house museum, a fieldstone and frame house built by Andrew Littell in 1760.

The house is being restored as a museum of local history featuring period rooms.

(Andrew Littell was born in 1718 son of Anthony & Mary (Ladner) Littell, he married Mary “Molly” Stewart and they were parents of seven children. He died May 18, 1795)

They moved to Chicago in 1920 so he could study cartooning at night while working days for the Chicago Rapid Transit. Mariella Lee Moser

(The following is an extract of an article appearing in The Tribune of New Albany, Indiana in late 1992 or early 1993. It was submitted by her grandmother, Helen Moser)

While most 4-year-olds were watching “Sesame Street” and learning to count, Ellie Moser was listening to classical music.

Now 10, the Floyds Knobs girl will perform Hayden’s Concerto in C Major on the cello with the Louisville Orchestra at 6:30 p.m. tomorrow. She earned the honor after being named one of five winners of the Young Artists Competition, sponsored by the Louisville Orchestra Association.

While Ellie is honored by her selection, she isn’t nervous about performing her solo with the orchestra.

By age 4, Ellie told her parents she’s like to being playing the cello. “Not as many people play the cello and it’s the most original,” she said. Because of her petite size, Ellie actually plays a half cello, a smaller version of the instrument.

“It does give a little bit of a different sound,” she said.

Aside from the cello, Ellie also plays piano and dances. She and her sister, Mollie, 13, danced recently in the Louisville Ballet’s production of “The Nutcracker.”

Ellie’s mother, Connie Moser, who has taught her daughters and 17-year-old son at home, said she also doesn’t feel nervous about Ellie’s upcoming performance.

“I’m not nervous because I know what she can do,” she said.

“Her doctor told her that her heart was in better condition than some 50 - year - olds,” he said.

TOP COACH

(Taken from an article appearing in the Lombard Spectator for June 23, 1993, sent in by the subject's father, William Paul Littell, Jr. Also see his items in the Family Update section)

The new kid on the block turned out to be the winner.

Rookie head coach Bill Littell achieved a major turn around at Glenbard East this spring, taking a Ra softball team that won only five times in 1992 to a school-record 21 victories that validated the young skipper's claim to Press Publications Coach of the Year honors.

Littell guided the Rams, dead last in the DuPage Valley Conference at 2—12 one short season ago, to a 9—5 league slate this spring and a second—place tie with West Chicago. Glenbard East defeated both WeGo's Wildcats and DVC champion Glenbard North during the second round of play.

"I'm really honored by this," Littell responded recently when notified of his selection as the area's top softball pilot. "I'm flattered, but I have to give credit to the pitcher in our program. Two years ago we started with six or seven girls who now pitch 11 months out of the year. They work hard and have learned to put the ball across the plate.

RICHARD LITTLE

The search goes on. It does appear that there is a relationship between a Richard Little of New Haven, Connecticut and John Littell who removed from that colony to New Jersey and we have cited two references in the past suggesting that Richard was possibly the father of John Littell (c1646—1713) of Elizabethtown, New Jersey and of his neighbor, Constance (Little) White.

Robert W. Shore of Alexandria, VA has discovered a reference to Richard Little in Families of Ancient New Haven compiled by Donald Lines Jacobus which supplies the information that Richard Little was married about 1664 and had five children: Elizabeth (1666), Hannah (1667—died 1669), Mary (1669), Hannah (1671), and Martha (1677). The reference mentions both Constance and John, who moved to Elizabeth, NJ, and speculates that they were siblings of Richard, not children. Bob notes that the dates would seem to support this thought. A 1664 marriage for Richards indicates a birth year for him in the 1640s. This is the same era in which Constance and John were born, and suggests that Constance was perhaps the older sister to both Richard and John.

Bob Shore is a descendant of John Littell through his son Anthony, - Andrew, Ephraim, Elias, Ephraim, Amos D., Robert Ephraim, and Alma Inez Littell. Alma Inez married John Hyde Shore and they became the grandparents of Robert Wayne Shore.

Interestingly Bob rites of another reason for his intense interest in Richard Little as he is also a descendant of Richard's daughter Elizabeth, her son Isaac Thorpe then Jacob Thorpe, Bede Thorpe, Major Moulthrop, Sherman Moulthrop, Adella Moulthrop, Clarence Brocksieper, Martha Brocksieper, Martha Brocksieper, and Mildred Eckert who married John Robert Shore and became Bob's parents.

Bob continues to work on establishing the relationships and we may expect an article on this in the next issue.

LITTLE REUNION

(Helen Moser of Floyds Knobs, Indiana has sent a clipping from the St. Mary's Oracle for September, 29, 1977. From other accounts it would appear that this is an Ohio newspaper. It does establish that there were those bearing the name LITTLE enjoying family reunions in that area a few years ago)

The 24th Little family reunion was held Aug. 28 at the Pleasants County Park.

Dale Beagle gave the invocation before 150 friends and relatives gathered to enjoy the basket dinner.

George Little, president, then called the business meeting to order. Mrs. Sara McKnight read the minutes of last year's gathering and gave the treasurer's report.

Mrs. Verna Beagle announced the family history will be printed June 1, 1978. If anyone need to add anything to the book, they were asked to call Mrs. Beagle before June.

Miss Tamny Beagle will be in charge of the gifts for 1978.

Gifts were presented to Robert Little, 81 years old, who was the oldest man present; Mrs. Millie Shultz was the oldest woman at the reunion. Oran Gregory Little II, six weeks old, received the gift for the youngest baby there. His mother, Mrs. Greg Little, Jr., was the youngest mother in attendance.

The newlyweds were Mr. and Mrs. John Beagle; Mr. and Mrs. Art Leighle received the gift for being married the longest—49 years. Mrs. Viola Taylor had the most children attending the reunion. Mrs. Doris Coomey traveled the farthest, coming from Syracuse, N.Y. Mrs. Eliza Little had the most grandchildren present.

Next year's reunion will be held the fourth Sunday in August at the Pleasants County Park.

TWO NEW LITTELLS

An Adoption Story

There is an interesting and heart rending story behind **David Alexander Littell** and **Michael Brent Littell** of Midland, Texas and with permission of their parents we would like to give other Littells an opportunity to share in it.

Rumania was a dictatorship under the iron rule of a Communist dictator for many years. It was his decree that all females of child bearing age procreate so that his future armies would be amply supplied. Government officials would examine women and if they were not with child they would be fined. As a result there were innumerable unwanted children who would be taken to orphanages and sorted. If the child was trainable they would be given the basic necessities, if a child was found to be lacking in any respect they would be placed in “holding” facilities.

Following the fall of Nicolai Ceausescu as dictator there were thousands of unwanted children in orphanages throughout the country.

Steve and Kathy Littell were wanting to adopt children, Steve was in his 30s and wanted to have their children before the adoption authorities decided they were beyond that magic age of 40. A friend in Dallas had adopted 2 Rumanian children. Steve and Kathy cleared the bringing of a child for adoption into the States with local authorities and left for Rumania.

In Bucharest they learned of a 5-month—old boy who remained in a maternity hospital. They found him wrapped in a sheet rather than wearing a diaper, an attendant would bring him a bottle shaped like a wine bottle, with a nipple on it, and prop it up to feed him his milk. After a couple visits during which Steve and Kathy would hold and cuddle the baby, he started smiling. When they again returned the attendant told them he had cried all the time they were gone. The infant who would be named Michael Brent Littell had won a place in their hearts.

A trip to Michael’s parents took them to a village outside Bucharest where they found the mother, father, and four additional children in a 10 by 10 hut. The children were wearing no shoes despite the fact there was snow on the ground. The parents gave their consent to the adoption and the father made one request, “Let him grow up to be a Texas cowboy.”

The Littells recently sent the biological parents a picture of now 3—year—old Michael wearing a cowboy hat.

The 2 1/2—year—old who was to become David Alexander Littell was located in a Bucharest orphanage. He had spent his life since the age of 4 months there with no visitors, including parents. He did know one English word, “Hello”, which he used regularly. The Littells made a visit to his biological parents for the required consent and found an extended family, children, and grandparents, all living in a small apartment. The father was a factory worker. At first the father wanted money but Steve and Kathy did not believe it was proper to “buy” a child. Their interpreter finally convinced him he should sign the papers. After David was brought to Texas and they were trying to potty train him, he would say, “Bobo”, which they interpreted to mean he wanted to use the bathroom and would rush him to sit on the commode. Later they learned from a Rumanian speaking friend that bobo was a Rumanian word for candy. Can you imagine the confusion in that young mind as he was rushed to the bathroom when he had hoped to be fed candy.

Steve says their young sons are growing into loved, but typically spoiled American children. The Littells had traveled to Rumania with the intent to seek one boy and one girl to adopt but were so charmed by the “Hello” of the abandoned boy of 2 1/2 years they couldn’t resist. Their only regret is that they couldn’t do more.

SINEX COUSINS

(By Antoinette Sorensen of Tacoma, Washington)

If you are like me you go through life hearing names of distant relatives, aunts, uncles and all these cousins and most of the time never get a chance to see them, meet them, or get to know them.

Working on my family history - all lines - I was fortunate in 1988 to be in contact with a cousin of my late mother — one who is as deeply involved in this family history as I.

We (Genevieve & Antoinette) decided we would get as many of the cousins together as possibly. I volunteered to have it at my home, we set June 7, 1992 as the date.

Out of 15 Sinex cousins we were able to get seven together for this initial event: Juanita (Simex) with husband Don Langert of Port Orchard, WA; Melvin Sinex with wife Johnnie (Johnson) of Auburn, WA; Robert Sinex with wife Vi and their son, Stan, his wife Jill and son David, of Des Moines, WA; Donald Sinex with wife Ruth (Jackman) of Kernville, TX; Alvin Hesse of Sonoma, CA; William Ralph Wilcox with wife Ginny of Sumner, WA; Genevieve (Gregory) with husband Glenn Mumford of Central Point, OR; and Antoinette (Waughtell) with husband Don Sorensen, and Lisa Jimenez, eldest daughter of Antoinette, of Tacoma, WA.

The day was spent visiting, getting to know our family heritage, going through old pictures and trying to figure out who is or was who? We took snapshots galore, cameras of all types were in full swing.

Most of those present were descendants of Thomas & Luella Ozena (Walker) Sinex. Juanita, Melvin and Robert are children of Elisha Ford & Sara (Heisserman) Sinex; Donald is the son of Reuben Thomas & Florence (Stone) Sinex; Alvin Hesse is the son of Walter & Ruth Ella (Sinex) Hesse; Genevieve Ella Gregory is the daughter of Isaiah & Lena Fern (Sinex) Gregory; William Ralph Wilcox is the son of James William & Mabel Gertrude (Sinex) Wilcox; Antoinette is the daughter of Roma James & Isal Gertrude (Wilcox) Waughtel and Lisa is her daughter.

Mabel Gertrude, Reuben Thomas, Elisha Ford, Ella Ruth and Lena Fern are the children of Thomas & Luella Sinex.

A SCOTTISH PROJECT

(By Antoinette Sorensen)

There are several connections between the Robertson and Littell lines in our ancestry.

For a project in school Tyler Richard Scheid created a large display showing his Robertson lineage, drew the crest in the appropriate colors, and gave a brief history of the Robertson clan and his connection.

Tyler is the oldest son of William Richard & Lynette Rae (Devers) Scheid. He and his two brothers attend school in the Puyallup School District.

A WORD IN CLOSING

First, my thanks to my busy wife, Sandy, for using her skills honed by years of correcting her student's English papers to proof read this manuscript and correcting most of my many errors.

Then a special thanks to each of you who contributed your up dated information for use herein and in our forthcoming *LITTELL FAMILIES HISTORY & GENEALOGY*. Another "Dear Noble" form is enclosed to encourage you to again bring us up to date as to what is happening in your particular segment of our family and any additional news that we might use in the next issue of this publication.

And finally, I call attention to the following report and note from our treasurer. Our budget wasn't balanced for 1992 as our collection of dues did not equal the cost of publishing our magazine. Please check your standing and if your membership card does not indicate your dues are paid please get a check in the mail to me or directly to our treasurer.

Treasurer's Report 1993

Dear L.F.A. Members

Because many members paid their dues for a 5 year period prior to 1992, the dues collected in '92 was significantly lower.

The 1992 costs for printing of L.L.A. represents a carry over of costs for 1991 printing as well as 1992 expenses. However, this was expected and next year we will have a balanced budget.
